**Explanation of Items**

**Balance sheet**

**Assets**

**1. Cash and cash equivalents**

**Cash** means

1) banknotes and coins holding by the company, including miscellaneous cash, money orders, postal bills, due cheques still have not yet been deposited, travelers' cheques and bank drafts

2) bank deposits in current accounts and saving accounts, and those in fixed deposit accounts and certificates of deposit with due dates of not exceeding three months, but not includes bank deposits with an obligation.

**cash equivalents** means short-term investments with high liquidity ready to be converted into definite amounts of cash, and low risk of value changing or pertaining insignificant value changing, most of which are bills or promissory notes issued, accepted or given aval by financial institutions and held by the company for payment of short-term encumbrance rather than for investment or other purpose such as on call promissory notes or bills with due dates of less than three months etc..

In the case where the company possesses a fixed deposit, certificate of deposit and a bill which is due within three months but the company intends to extend the due date by rolling over or extend the period of the deposit, such asset may be classified as a long-term deposit at a financial institution or an investment (as the case may be); provided that such policy shall be clearly indicated in the remarks of the financial statement.

**2. A long-term deposit at a financial institution** means a deposit at a financial institution other than those classified as cash and cash equivalents, such as a fixed deposit, certificate of deposit, a promissory note issued by a financial institution with due date of more than three months, and a deposit with an obligation etc..

**3. Securities purchased under a reverse repurchase agreement** means a loan with an agreement to accept the transfer of a financial asset from the other party in exchange for cash or in return for other matter, while having an obligation to resale such financial asset in the future in an amount equivalent to the cash or such other matter given plus interest or other similar matter in return.

**4. Investments in securities**

An investment in debt instrument means an investment in a contract showing that the instrument issuer has both directly and indirectly obligation to pay cash or other asset to the instrument holder in an amount and under the conditions expressly or impliedly prescribed therein, such as a bond, debenture, convertible debenture, and a bill or promissory note other than that classified as cash equivalent and a long-term deposit at a financial institution, etc..

An investment in equity securities means an investment in a contract showing that the instrument holder owns an equity of the balance interest of the invested business, such as share capital, investment units of mutual fund, share capital warrant and share capital purchasing right etc..

The company shall demonstrate items of investment in net value after adding or deducting with the value adjustment reserve accounts and the reserve for depreciation of investment fund.

**5. Investments in subsidiary and associated companies** means investments in subsidiary and associated companies holding by the company and subject to the accounting standard which records such investment by the Equity Method. In case of any holding of investments in subsidiary and associated companies are not subject to the accounting standards on recording the investment by the Equity Method. It shall be record an account under the items of investments in debt and equity securities.

**6. Receivables from clearing house** means a net balance account of receivables from the Thailand Securities Depository Company Limited (TSD.) resulting from paying for the prices of securities via the clearing house of the securities depository center, and a net balance account of receivables from the derivatives clearing house, including the cash deposited as collateral with the derivatives clearing house for a derivatives transaction.

**7. Securities business receivables and Derivatives business receivables** means net balance account of securities business receivables and derivatives business receivables after deducting by an allowance for doubtful account and revaluation allowance for debt restructuring plus accrued interests. Nevertheless, securities business receivables shall include receivable of securities trading by cash, under margin loans and a pledged asset receivable, i.e. the cash deposited as collateral with a securities lending creditor or the securities depository center and other receivables such as a receivable of securities trading by cash who fail to pay within due period or a receivable pending under a composition proceeding or payment in installments. As for the derivatives business receivable, it shall also include other receivables, such as a receivable pending under a composition proceeding or payment in installments.

**8. Others derivatives assets** means others derivatives assets other than the items No. 1-7 which the company is entitled under a contract to receive cash or other financial assets from other business or under a contract for exchanging financial instrument of the company with financial instrument of other business, subject to a condition beneficial to the company.

**9. Property, plant and equipment** means tangible assets under all of the conditions as follows:

(1) being available for producing, selling products or rendering service, rent or management;

(2) being expected to be utilized for more than one accounting period.

Such assets shall be indicated the net value after deducting accumulated depreciation.

**10. Intangible assets** means non-cash assets which is identifiable but intangible, being held by the company for producing or selling products, rent or rendering service or

management, such as computer software, lease rights, a license pending writing off, membership fee of The Stock Exchange of Thailand pending writing off etc..

**11. Other assets** means any assets other than those specified in the items No. 1-10, such as accrued interests from cash and cash equivalents, a long-term deposit at a financial institution and investment, accrued income, expense in advance, property pending sale etc..
